

The Horse is an official Media Partner of the World Equine Veterinary Association (WEVA), a continuing education organization and not-for-profit charity. Look for future WEVA communications in this location.

**The presentations will
feature a variety of
equine health topics.**

Incredible CE in Incredible India

The 12th Congress of the World Equine Veterinary Association (WEVA) will be held in historic Hyderabad, India, Nov. 2-5. The organizers have been fortunate to attract some of the world's leading veterinary authorities who will give presentations across the gamut of equine veterinary disciplines. More than 60 featured speakers from all corners of the globe are scheduled to appear. This program will be supported by scientific abstracts, two days of concurrent small animal sessions, and a program designed especially for the layperson (horse owners and trainers).

The Congress will be held in the Hyderabad International Convention Centre (HICC), which is connected to the Novotel Hotel in Hyderabad's information/technology (IT) hub, a 45-minute drive from the new Rajiv Gandhi (Hyderabad) International Airport. There are direct flights to Hyderabad from all over the world.

Hyderabad, also known as the City of Pearls, is located in Central India and is the capital of the state Andhra Pradesh. Being the sixth most populous city in India with a population of more than 4 million, Hyderabad boasts an eclectic mix of great historical perspectives and a rapidly expanding overlay of modernity. Tourists often enjoy the contrast between natural geographic features and 400-year-old buildings standing adjacent to some of the world's most modern buildings. In recent years Hyderabad has become a sentinel city in the development of the country's burgeoning IT industry. During the congress days are expected to be dry, with average high temperatures of about 80°F and the nights cooling to about 60°F.

Please come and join us for this once-in-a-lifetime CE opportunity!
