

WEVA - CHIA Equine Veterinary Congress: Beijing 2018

Day 2 Sun 22nd April										
Stream	Horse Industry				Equine Practice			Advanced Veterinary Medicine		
Time	Topic	Speaker	Institution	Topic	Speaker		Topic	Speaker	Institution	
Theme	Thoroughbred racing	Chair: Chris Riggs		Equine reproduction	Chair: Kevin Corley		Orthopaedics and diagnosis	Chair: Alistair Barr		
9:00	Quality, consistency and integrity: cornerstones of an enduring racing model	Winfried Engelbrecht-Bresges		Examination of the female reproductive tract	Pat McCue		Ultrasound diagnosis of pelvic injuries	JM Denoix		
9:20	Integrity - what it means for Thoroughbred horseracing	Andrew Harding		Examination of the stallion and semen assessment	Jon Pycock		Sacro-iliac diseases diagnosis and treatments	Michael Schramme		
9:40	Veterinary regulation in Thoroughbred horseracing	Brian Stewart		International handling of frozen semen	Sandro Barbacini		Subchondral bone disease in the fetlock - pathogenesis	Chris Whitton		
10:00	Racetrack design - striving for safety and consistency	John Ridley		Breeding the mare using frozen semen	Pat McCue		Predicting fetlock fractures in the racehorse	John Peloso		
10:20	Relationships between racing surface and horse safety	Sarah Rosanowski		Manipulation of oestrus in the mare	Margo MacPhearson		Update on current research in laminitis	Chris Pollitt		
10:40	Essential features of a successful horse racing complex	Tony Kelly		The foaling mare	Maria Paz Zuniga		Ultrasound guided injection in the back	Marcus Head		
11:00	BREAK			BREAK			BREAK			
Theme	Thoroughbred racing	Chair:		Equine Medicine	Chair:		Orthopaedics and diagnosis	Chair:		
11:20	Drug control programmes to achieve credibility worldwide	Göran Akerström		Foaling injuries	David Freeman		Use of corticosteroids in joint disease	Peter Clegg		
12:00	Important considerations when establishing a drug testing laboratory	Terence Wan		The neonatal foal - common diseases	Kevin Corley		Stem-cell therapy - efficacy of its therapeutic uses	Roger Smith		
12:20	Effective use of medicines while ensuring freedom of drugs during performance	Chris Riggs		Clinical pathology and interpreting lab results	Andy Durham		Strategies to avoid subchondral bone disease in the fetlock	Chris Whitton		
12:40	LUNCH BREAK			LUNCH BREAK			LUNCH BREAK			
Theme	Equine vets and related industries	Chair:		Diagnostic imaging	Chair:		Surgery	Chair: Roger Smith		
14:00	Bloodstock insurance - models of cover	TBC - AXA		How to radiograph the distal limb	Chris Riggs		Biological pharmaceutical products in joint disease	Peter Clegg		
14:20	Bloodstock insurance - assessing and protecting risk	TBC - AXA		How to perform an ultrasound exam of the metacarpal/metatarsal region.	Marcus Head		Biomechanics of equine long bone fracture repair	TBC		
14:40	The breeding industry, from conception to sale: maximizing return.	Michael Hurley		When and how to perform endoscopy of the respiratory tract	Kate Savage		Arthrodesis techniques	Christoph Lischer		
15:00	International movement of horses	Fiona McCormack		Future images - MRI of the foot	Michael Schramme		Cartilage resurfacing techniques	TBC		
15:20	Preventing spread of disease when moving horses	Josh Slater		Gamma scintigraphy - what is it and when is it used.	Werner Jahn		CT guided fracture repair	TBC		
15:40	BREAK			BREAK			BREAK			
Theme	Equine vets and related industries	Chair:		Wound Management	Chair:		Surgery	Chair: Peter Clegg		
16:00	The feed industry: competing at the top	Michael Connolly		Wounds: How to appraise them	Stine Jacobsen		Surgery of the calcaneal bursa	Michael Schramme		
16:20	The need for and production of quality forage feeds	Peter Huntington		Treating wounds on a limited budget	Francesca Compostella		Abdominal laparoscopy for prevention and treatment of colic	Anne Martens		
16:40	The need for high quality pharmaceuticals for optimal care of the equine athlete	TBC		Complicated wounds - how to manage them	Derek Knottenbelt		Surgical techniques for minimising adhesions in abdominal surgery	Anthony Blikslager		
17:00	Current challenges in access to medicines for equine vets in China	TBC		Sarcoids - what are the treatment options	Jeremy Kemp-Symonds		Closure of the epiploic foramen/nephrosplenic space	Anne Martens		
17:20	Farriery and hoof care: sound business	Simon Curtis		Management of wounds of the horse's hoof	Stine Jacobsen		Removal of bladder stones	David Freeman		
17:40	TBC	TBC		TBC	TBC		Long term results after equine colic surgery - where can we improve	Anthony Blikslager		
18:00	Drinks with Commercial Exhibition									
19:30	Conference Dinner - Main Lecture Hall
