

Intermedia Meeting Report, 9-12 Sept, 2020.

On Sept 9-12, 2020 we had a wonderful online IM WEVA-ACHVE meeting, in Santiago, Chile. This time due to the Pandemic Coronavirus situation, we had a different experience through the Zoom platform, but it was really enriching.

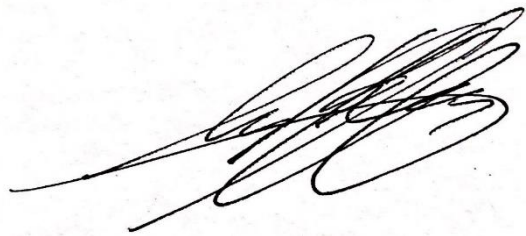

We had more than 150 attendees, from different parts of Latin America like, Argentina, Mexico, Uruguay and Peru, this was the fifth IM WEVA meeting held in Chile since 2012.

In this opportunity we had an excellent staff of speakers: Dr. Sandro Barbacini, Weva President; Dr. James Carmalt, DVM, Master in VetSc, PhD, FRCVS, ABVP, ACVSMP, ACVS, Professor of Department of Large Animal Clinical Sciences at Saskatchewan University, Canada; Dr. Jairo Jaramillo, DVM, MSc, PhD, creator of the JaqueMate and EQUARTER education program Brasil, certified by ISELP and ALPILE; Dr. Elena Garcia, DVM, internship on Surgery, Internal Medicine and Reproduction at Louisiana state University, professor at Universidad Nacional de Mexico; they covered a wide variety of topics: sports and internal medicine, imaging diagnostic techniques, Temporomandibular Joint Diseases, Reproduction and Business for Veterinarians.

During this difficult and different year for us as veterinarians and for all the people around the world we wanted to hold

this meeting as a sign of hope and unit, we make an special meeting with a really low cost of inscription thinking in a way of helping the veterinary community and hoping that in the future we can hold the next world WEVA meeting with people able to come around the world.

We hope that all the attendees had a wonderful time and the opportunity to maintain their continue education.

A handwritten signature in black ink, appearing to read 'Maria Paz Zuñiga B.', is centered on the page. The signature is fluid and cursive, with a long horizontal stroke extending to the left.

Maria Paz Zuñiga B. DVM.

ACHVE president.

WEVA board member.
